

Join the Preconference Workshop ‘HEMS in Asia’

AIRMED 2026 – Munich, Germany

Dear Colleagues,

If you are planning to attend **AIRMED 2026**, we warmly invite you to participate in the preconference workshop “**HEMS in Asia**,” which is now featured in the official AIRMED 2026 program.

This workshop will bring together leading experts from across Asia to share the current status, recent developments, and future perspectives of Helicopter Emergency Medical Services (HEMS) in their respective countries. It offers a unique opportunity to compare different HEMS systems, exchange experiences, and discuss future international collaboration between Asia and Europe.

Workshop Details

- **Date:** Wednesday, September 16, 2026
- **Time:** 10:00–16:00
- **Venue:** ADAC Luftrettung Campus, Munich

For your reference, the workshop program and the list of invited speakers are attached.

Special Feature

Following the scientific sessions, participants will have the opportunity to join a **guided tour of the ADAC Luftrettung Campus**, one of the world's leading HEMS organizations. This special visit will provide valuable insight into the operational facilities and activities of ADAC Luftrettung.

Registration

Participation in the workshop is **included in the AIRMED 2026 congress registration. No additional registration fee is required.**

Whether you are actively involved in HEMS, emergency medical services, disaster medicine, or simply interested in international developments in aeromedical care, we believe this workshop will offer valuable knowledge, practical experience, and excellent networking opportunities.

Don't miss this unique opportunity to explore how HEMS is evolving across Asia and to build new international collaborations with colleagues from around the world.

We sincerely hope you will join us for this exciting international event and contribute to the discussion on the future of HEMS in Asia.

We look forward to welcoming you to Munich.

With kind regards,

Course Co-Directors of the Preconference Workshop “HEMS in Asia”

Ryukoh Ogino, MD, PhD

Chair, International Committee

Japanese Society for Aeromedical Services (JSAS)

Kang Hyun Lee, MD, PhD

Professor of Emergency Medicine

Yonsei University, Republic of Korea
